# INDOOR TEAM BUILDING

Yes, its fun to go out in the sun and do adventurous activities in open air but indoor activities too have their own charm and importance and we totally understand this.

Game guru and his team bring to you the same thrill and fun and simultaneously bring out the best out of your team while staying within your comfortable indoor environment.

A broad range of indoor activities that not only promote productivity and motivation but provide an exhilarating experience await you.

# OUTDOOR TEAM BUILDING

"A team that plays together, stays together".

We take the responsibility to take all your team members away from their predictable day to day routines to an environment that builds and establishes trust, understanding and sparks confidence, creativity and enthusiasm among your team members.

Game guru and his team work tirelessly to make your tribe come closer, have a lot of fun and create lasting memories leaving no stone unturned to bring out the best out of them.

All our games are action packed, lively and zealous and are sure to give you an adrenaline rush. There is no doubt that an appreciated and motivated workforce performs much better and their energy is transmitted across the workplace.

# EMPLOYEE ENGAGEMENT PROGRAM

A company's asset is its employees.

Your employees are working day and night diligently to meet the deadlines and this continuous struggle somehow reduces their motivation and energy which ultimately affects your company's growth and progress.

Game Guru provides you with a number of interactive employee engagement activities and icebreakers within your office premises that can fit to a time slot that is as short as 30 minutes and up to as long as 180 minutes duration. The entire program is sure to infuse energy and positivity at your workplace.

We are always ready to go an extra mile to help your workforce overcome office boredom and monotony and feel rejuvenated and motivated to perform better.

# HI-TECH TEAM BUILDING

## (The Solar Car Challenge)

In the Solar Car Challenge , teams are provided with Solar Car making Kit which includes solar cells, wires, rechargeable batteries, DC motors, sunboard to make chassis, bolts and nuts, small car tyres and gears, etc. The challenge is to create Working Solar Cars with these kits and customize them to create a different look. The solar cars are tested and judged for performance and creativity. The trainer gives a demo on how to make a Solar Car with all the material provided. This game brings technology, sustainability and team work all in one.
